THE COMMISSION.

THE HERALD does not desire the abolition of the Utah Commission because it is especially desirous of getting rid of the gentlemen composing the Commission. As Federal appointments go, we are inclined to believe that the Commissioners are quite as good, as clever and as agreeable as any five men that we are likely to get. Personally, we have little complaint to make against the Commissioners. It is true, they have gone out of their way at times, to say hard and ill-natured things about the people of Utah, and have asked for more severe and highly obnoxious legislation. Perhaps their stepping outside of their legitimate and plainly defined duties, was due to the fact that they found so little to do that they were ashamed to draw their very liberal salaries without showing an effort to earn the money. Mr. Cleveland has already made it clear that although he said when he accepted and endorsed the party platform that he would do otherwise—citizens of the Territory will not be appointed to Commissionerships, not to any other offices at his disposal, the salaries of which are an object to politicians elsewhere, and this being accepted as true and final the Commissioners are no more objectionable than others who might come.

THE HERALD wants to get rid of the Commission because it is an unnecessary, an expensive and an offensive institution. Its creation was an act of childishness, and its continuance the height of folly. The Commission was devised for the purpose of assisting in the destruction of the Mormon religion, but those who invented the scheme did not understand what they were doing, for they simply arranged a plan for giving five men fat offices, and putting an expense of \$75,000 a year upon the government without in the slightest degree interfering with the Mormons in the practice of all the features of their religion; that is, the Commission has not and cannot "suppress" any part of the Mormon religion. Certain Mormons have been deprived of the right to vote and hold office, but this deprivation was not by the Commission; it was done by the law, and the law would have been enforced as thoroughly by the Mormons themselves as by the Commissioners. Indeed, if the law had been left to the Mormons for enforcement, they wouldn't have made the mistake that the Commission did of disfranchising more than the statute contemplated. The disfranchised accepted the law, and so far as we have heard, in no instance has an attempt been made to evade its provisions, nobody not entitled to vote or hold office presenting himself for either purpose.

The Commission is useless, and therefore should be abolished; it is unrepugnant and hence ought not to exist. Until the people prove that they cannot or will not enforce the laws, they ought not to be deprived of the privilege of trying.

As the weather grows cooler look out for a revival in the fee-fund industry.

This phase will not be half-masted when the fee-fund goes.

KELLEY REJECTED.

The State Department has received official information that Austria refuses to receive Major Kelley as the minister from the United States. Kelley is the gentleman who was rejected by Italy because he had denounced Victor Emmanuel for marching his soldiers into Rome and establishing his throne where the Pope had so long held his. Austria does not say why the Major is objected to but all understand the trouble to be that Kelley's wife is a Jewess, and as the world knows, the only thing about a Hebrew that is respected in Austria-Hungary is his gold. It seems a trifling matter and certainly beneath the attention of an intelligent, progressive state, but small and insignificant as it is, it presents to the United States a grand opportunity for doing what it should have done long ago—to abolish the Austrian minister and break off diplomatic relations with the country. The only possible use that we can have for a minister at Vienna is that we may pay somebody a handsome salary for doing nothing, and if we haven't the privilege of saying who

that somebody shall be, the diplomatic establishment should be abolished and the money that it costs saved. Just how the administration will adjust this business with anything like self-respect and dignity, without at the same time doing away with the Austrian mission, it is difficult to understand. Major Kelley is not to be forced upon Emperor Joseph's court even by a war, and it would be subjecting the gentleman to an indignity that this country will hardly care to inflict upon one of its respectable citizens, to drop the minister and send another in his place for no other cause than that his wife possesses a faith that happens to be objectionable to the religious cranks of a foreign country.

Captain RANSFORD SMITH, of Ogden, late a candidate for Delegate to Congress from this Territory, must feel more keenly than ever his unpopularity, as he reads the returns from the recent election. At Park City, the anti-Mormon stronghold, the captain was cut most keenly. His total votes there in November was 173, and on Monday the Park boys polled 83 votes for the party represented by Smith. It is a bad thing for the People's Party of Summit that Captain Ransford Smith was running for some office on the Liberal ticket.

If the People's Party has been defeated in Summit County, as now appears to be the case, and the overthrow has been brought about by legitimate means, there will be no squealing. This is a country where majorities rule, and if we understand the People's Party, it knows how to peacefully submit to the will of the majority.

When the Fiend Ireland goes out of office he will not return to the nursery lamp and coal oil business. He played the trade-getting dodge very smoothly once, but when he had no more use for Mormon custom he exhibited himself in his true colors.

THE CITY pays 15 cents a meal for feeding its prisoners, and the food is clean, well cooked and sufficient. Does the United States Marshal charge the government 33 1/2 cents a meal for the food served to the inmates of the Penitentiary?

DID DISTRICT-ATTORNEY DICKSON make it appear to the Central Pacific magnates that it would be to their advantage to give him a free pass to San Francisco and return, or did he buy his ticket without asking for a D. H.?

THE MARSHAL must be the busiest man in the country. He is so busy that he has not yet found time to say yes or no to the question, Does he charge the government for vegetables grown in government ground by prison labor?

How to Consult Dr. Foote, Sen.

by Mail.

Dr. Foote, Senior, author of "Plain Home Talk," "Medical Common Sense," etc., etc., would say to those who would like to consult him by mail that they can have a list of questions and a circular of gratuitous advice by addressing Box 414 Salt Lake City. The doctor has arranged to have such information supplied in this way to save time. Receiving such printed matter the correspondent can describe his or her case fully and direct it to the doctor in New York. Dr. Foote is successfully treating all forms of chronic diseases, a specialty to which he has devoted thirty years of study and practice. Evidence of his success can also be had by addressing Box 414, as above, but all letters of consultation and orders for remedies should be addressed to Dr. E. B. Foote, Sr., 130 Lexington Avenue, New York City, N. Y. Consultation free.

An advertisement of Dr. Foote, Sr., in the Sunday and Wednesday editions deserves attention.

The Showing in Davis County.

The Davis County election returns, as far as heard from are as follows: South Precinct—People's ticket, 98; Democratic ticket, 3. West Precinct—People's ticket, straight 56. Bountiful Precinct—People's ticket, 212; Democratic, 8; double, 1. Centerville Precinct—Peoples, 105; Democratic, 4.

Our correspondent states that the Liberals voted the People's ticket in Bountiful and Centerville Precincts.

A Heavy Vote in Tooele.

Theodore Burnester brings the only returns thus far made from Tooele County. "I went in about noon to deposit my vote for the Democratic ticket," said he, "and was surprised to find the polls as popular as the tomb. I dropped my vote into the box and said: 'Well, judge, any votes for the Democracy?' 'Oh, yes,' was the reply. 'How many?' I inquired. 'With yours—one,' he replied gravely, and I hurried off without waiting to learn more."

The Nottingham Reunion.

This reunion, concerning which so much is being said, will occur on the 10th, at Fuller's Hall, and all parties interested are requested to secure their tickets at once, as the committee must make returns on Saturday. The event promises to be one of extreme enjoyment.
